Summary of Qualifications:

- Cybersecurity student pursuing a B.S. in Computer Systems (Network & Security Track) with a 3.6 GPA.
- Hands-on experience with Wireshark, Nmap, Kali Linux, Metasploit, virtualization, and system hardening through coursework and lab projects.
- Google Cybersecurity Certificate holder seeking cybersecurity, IT support, or technology related opportunities.

Education And Training:

New York City College of Technology (CUNY)

Bachelor of Science, Computer Systems – Network & Security Track

Member of ASAP/ACE program.

Expected

Brooklyn, NY

GPA :3.6

05/2027

Technical Skills:

- **Security Tools:** Wireshark, Nmap, Kali Linux, Metasploit
- **Systems & Virtualization:** Linux (CLI), VirtualBox/VMware, Windows administration
- **Networking:** TCP/IP, subnetting, routing, network troubleshooting, Cisco Packet Tracer
- **Concepts:** System hardening, user permissions, security policies, database management (SQL), web application security
- **Soft Skills:** Team leadership, analytical thinking, time management, cross-functional collaboration.
- **Languages:** English, Russian, Tajik(Persian)

Projects:

- **Network Packet Analysis Lab** — Analyzed live network traffic using Wireshark and applied packet filtering techniques to identify potential security risks.
- **Penetration Testing Lab** — Built an isolated virtual lab environment to perform host discovery, port scanning, and vulnerability assessments using industry-standard security tools.
- **System Hardening & VM Administration** — Configured Linux and Windows virtual machines, implemented access controls, and applied security best practices to strengthen system security.

Certifications:

- Google Cybersecurity Certificate — Coursera
- Cisco Packet Tracer — Networking Fundamentals

Work Experience:

TFS Express INC / Stork Xpress INC

Safety Manager

Brooklyn, NY

06/2023 – 08/2025

- Ensured company vehicles and drivers remained compliant with DOT regulations by monitoring documentation, maintenance requirements, and safety standards.
- Recruited, onboarded, and supported drivers while coordinating with dispatchers, financial institutions, and business partners.
- Maintained financial records, processed invoices, tracked expenses, and coordinated payments.
- Kept company records organized and up to date to support daily operations and reporting for DOT audits and compliance reviews.
